

CERTIFICATION

of a carbon neutral event

This is to confirm that all Greenhouse Gas emissions associated with the event:

'2016 GSTC European Regional Meeting' *BUILDING SUSTAINABILITY IN EUROPEAN TOURISM*

as conducted at Zappeion Megaron, Athens, Greece, on November 23rd & 24th 2016

were evaluated up to 31 t CO₂ eq, in compliance with

[WRI/WBCSD GHG PROTOCOL](#) & [ISO 14064-1:2006](#).

These emissions were **fully offset** according to the **CO2 Neutral Seal** rules

through high quality Carbon Credits generated by the Project

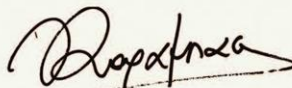

'Dak Psi 3 and 4 Hydropower', which is operates in Vietnam

with ID Num [103000000003083](#) of the Markit Registry. The Offset Transaction ID in Markit Registry has

Serial No : [3003-132265073-132265103-VCU-030-MER-VN-1-1031-09102010-05112011-0](#)

The used carbon credits have been verified via the

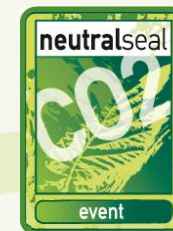

VCS – Verified Carbon Standard
